This black and white photograph shows an archaeological excavation. In the upper portion, a white plastic sheet is draped over a pile of earth and debris. Below the sheet, the ground is uneven and covered with numerous dark, irregular stones and clumps of soil. A small, rectangular white label with black text is placed in the center of the frame. At the bottom of the image, a long, thin scale bar with alternating black and white segments is visible. The overall scene suggests a field site where artifacts or features are being documented.
